COMISSÃO DA CEDEAO

ECOWAS COMMISSION

COMMISSION DE LA CEDEAO

TERMS OF REFERENCE FOR THE COMPETITION ON THE ECOWAS SINGLE CURRENCY NAME AND LOGO

Abuja, 16 October 2018
BACKGROUND

The Economic Community of West African States (ECOWAS), established in 1975, seeks to promote the integration of the region. Given the role of the single currency in the acceleration of economic integration, the idea of creating an ECOWAS single currency was put forward in Conakry in 1983 (Decision A/DEC/6/5/83) and the ECOWAS Monetary Cooperation Programme (EMCP) was adopted on 9 July 1987 (A/DEC.2/7/87).

In 1993, the Revised Treaty committed Member States (Art 55) to complete within five (5) years following the creation of a Custom Union, the establishment of an economic and monetary union through

a. the total elimination of all obstacles to the free movement of people, goods, capital and services and the right of entry, residence and establishment, and
b. harmonization of monetary, financial and fiscal policies, the setting up of a West African monetary union, through the establishment of a single regional Central Bank and the creation of a single West African currency”.

As part of implementation of the EMCP, a road map was adopted in May 2009 with the aim of creating the ECOWAS single currency in 2020.

Given the delay experienced in the road map implementation, the ECOWAS Authority of Heads of State and Government in 2013 set up the Presidential Task Force on ECOWAS single currency programme, to oversee the process of creating the single currency within the stated deadline. At the end of its 4th meeting which took place in Niamey on 24 October 2017, the Presidential Task Force directed the Ministerial Committee to convene a meeting within three months, in order to submit a new road map to be considered at the 5th meeting of the Task Force to be held in Accra in February 2018.

In carrying out the directive, the road map for the ECOWAS single currency programme was revised and adopted in Accra on 21 February 2018. It comprises ten (10) programmes to be implemented by 2020. One of the planned activities under these programmes is selection of the name of the ECOWAS single currency.

At its 53rd session held in Lomé on 31 July, 2018, the Authority of Heads of State and Government “instructed ECOWAS Commission, in collaboration with West African Monetary Agency (WAMA) and Central Banks in the Community, to submit to its next session, proposals for the name of the future common currency.”
